A FEW WORDS FROM YOURS TRULY

Welcome to the latest issue of LAVERNOICH'S LOUNGE – with some important changes to it, which'll become apparent as you browse through it (*and which I hope you will*).

For newcomers reading this very issue for the first time, I'm *not only* the author of eleven (*count 'em – eleven*) published books and various short stories and articles (*including a new short story which I'll reveal later on in the **Book Bungalow** section*) – I also have several online shopping sites, as well as my **YouTube** and **Vimeo** video channel pages, not to mention a strong presence on various social media sites, as well as my own audio podcasts (*which I'm currently working on getting revamped – you can learn more about that in the **Media Mansion** section later on in this issue*).

And that's *not* all, folks. I'm *also* thinking about future projects – one of them being resuming writing another draft of the screenplay for a possible film version of **CODE NAME: CHAMELEONS**, which I'll definitely mention in the **Chameleons Conclave** section shortly.

As usual, I hope you enjoy this issue – with the equal hope that you'll want to check out and purchase some of my wares. Those wishing to tell me what I'm doing *right* (*and wrong*) with LAVERNOICH'S LOUNGE, can please e-mail yours truly at – where else? -- jlavernoich2008@hotmail.com. In the meantime, please *definitely* keep on web surfin' – and *definitely* say *no* to *both* Reality TV and Reality TV stars who've already pressed their luck by extending their fifteen minutes of fame (and end up getting in trouble for it).

THE **BEYOND THE UNKNOWN** BAILWICK

THE LATEST NEWS ON BEYOND THE UNKNOWN

(A multi-pager this issue -- in case you're interested!!)

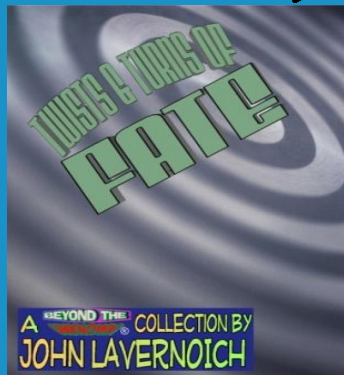

BEYOND THE UNKNOWN, of course, began as three separate Sci-Fi and fantasy short stories which I had hoped to sell in digital format on my official website **CREATIVE LUNACY** seven years ago – a goal that really didn't go as planned. So – what's a writer to do? Well --!

The aforementioned stories formed the basis of the first BTU book -- first published in 2015 (and re-issued three years later). If that's not enough to convince you -- please click the book cover to the right of this text-filled cog to learn more about it!

That was followed by the second BTU anthology book -- **TWISTS & TURNS OF FATE**, which was first published in 2018. (To learn more about the book itself -- please click the book cover that's to the left of this word balloon!)

**WHO IS THIS NOT-SO
CHARMING CHARACTER?**

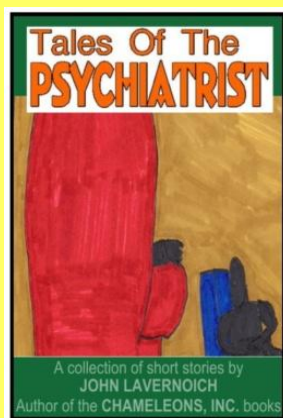

Answer -- he's the main villain in a BTU novella that I'm currently working on -- and which'll be published online later on this summer! As for what it's all about -- let's just say that after you read it, you'll be sick and tired of several things (*including certain conspiracy theorists who've already worn out their welcome -- consider that a clue to what my next published story'll be!*). More news concerning that coming sooner than you think!
