# A FEW WORDS FROM YOURS TRULY

Welcome to the third issue of **LAVERNOICH'S LOUNGE**, for which I'll answer the following question: "If this is Issue#3, how come we're seeing this in July?"

The answer's very simple: I've been occupied with various things, with some of them family-related. Luckily, that hasn't stopped yours truly from working on some of my creative projects – and for more info concerning them, please check out the various sections in this very issue.

But even though this is July, I'm still looking ahead to the rest of 2016 and beyond, in terms of what I hope to unleash on the world – all the more reason for you to check out not only future issues of my newsletter, but also yours truly on the Internet (*and maybe even in print format*). And now, I'll end this by saying this: Hope you enjoy my efforts.

And – oh, yeah – keep on web surfin'.

This is the cover to my first CHAMELEONS, INC. story in over six years -- as well as the first-ever C-I short story. To learn more about it (*including purchasing your own copy of it -- or in multi-number bundles*), click on the cover that you're now viewing:

And believe it or not, the latest CHAMELEONS, INC. story is connected to one of my creative projects that's currently in the works (*and it's definitely not the next C-I novel, though that's also in the works*). Just check out the Chameleons' website for more info -- not to mention their **Facebook** page, the link for which is below this very paragraph:

## THE LATEST NEWS ON BEYOND THE UNKNOWN

Finally – it's completed.

In this case, it's the first script for what I hope will be the first two issues of the **Beyond The Unknown** comic book. Now I have to seek out the appropriate talents needed to illustrate, letter, and color said story – not to mention gain public attention and support for said comic book in general (*and I'm already working on that aspect*). And I'm definitely hoping that you'll help turn the comic book version of **Beyond The Unknown** – the comic book version, that is – into a reality. (*And yes – it's definitely an monthly anthology title, which means that comic book talents, both established and new, can contribute original stories to the comic book itself; I'll explain more on that – and not just on my official website – in the near future.*)

As for what role this costumed character will play in the aforementioned two-part script -- well, that's a secret, at least for right now! (*More info on that in the near future!*)

In the meantime, don't forget to purchase and read

In case you're interested – this is the title character from another of my current creative projects – **The Janus Terror** – the overall plot for which I'm currently re-working and revamping. As for what part the title character will play in this – well, for right now, that's a secret. To learn more about **The Janus Terror** and its progress, do check out:

In future issues (*and elsewhere*), I'll give you some info concerning **The Janus Terror**, and some of its other characters (*that is, if various circumstances don't complicate my already-busy schedule*).
